

Lilly Brand Artwork Installation Instructions

The following are instructions for downloading the Other Lilly Brand artwork (Bmp, Gif, Tif and Eps files). This is a **one time** process, and after completing these steps, you will be able to use those files in your computer.

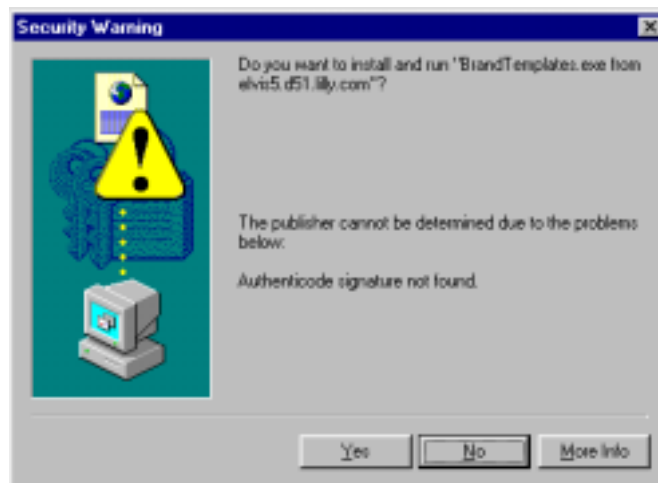

Click on the Artwork.EXE file

Select “Run this program from its current location”

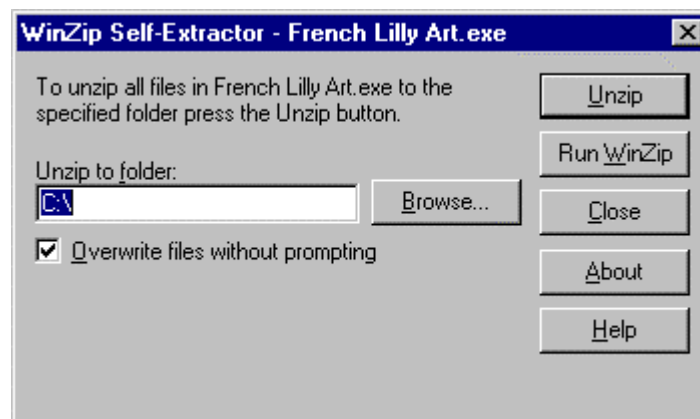

Click OK

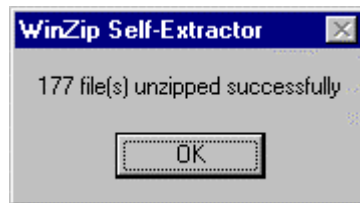

Click Yes (This will install the standard artwork to your Clip Art Gallery on the hard drive)

1. Click **Unzip** button

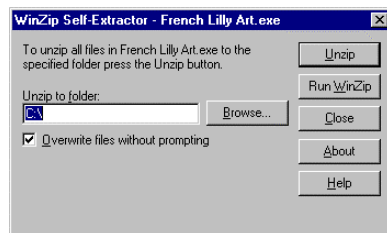

2. Click OK

(Note: You will return to the previous screen)

3. Click Close

4. The standard Lilly Artwork is now installed to your Clipart folder: <C:\Program Files\Microsoft Office\Clipart\Lily Brand> You will find different type of files in different folders: BMP, BMP_bl, Eps, Eps_bl, Gif, Gif_bl. To access those files you need to locate what you are looking for and double click on them.

Note: For the Eps files you need to use especial software that supports Eps files.
